

Web 2.0 Learning Opportunity

Venue: Kizimbani Agricultural Training Institute (KATI) Zanzibar, Tanzania.

Date and time: Monday 16 – 20 January, 2012 (9:00 – 17:00)

Technological innovation is taking place at a breath-taking pace. Simple, open source internet-based applications and services designed to enhance on-line collaboration are now available to the wider public at little or no cost at all. These new online technologies known as **Web 2.0 applications** - sometimes called 'social media' - enable people to collaborate to create, share and publish information.

The **Technical Centre for Agricultural and Rural Cooperation EU-ACP** ([CTA](#)) has a mandate to facilitate access to and dissemination of information in the fields of agriculture and rural development in 78 countries in Africa, the Caribbean and the Pacific (ACP). Supporting the adoption of Web 2.0 applications represents a great opportunity for meeting it.

The **Kizimbani Agricultural Training Institute** ([KATI](#)), in collaboration with CTA will host one 5-day Web 2.0 Learning Opportunity starting on **Monday 16 January 2012**. Participants will be introduced to selected web 2.0 applications and will learn how to use them hands-on.

The Learning Opportunity will cover advanced online searching, getting information served via alerts and RSS, collaborating remotely using wikis and Google Docs, using VoIP, online mapping and social networking. Participants will get a chance to see what others have done, get hands-on experience on how to use innovative applications, and assess how they could adopt these innovations within the context of their work and organisation.

These Learning Opportunities form part of CTA initiatives that support development partners in networking, accessing and disseminating information more effectively.

Programme of the Learning Opportunity

- Introduction to the participatory World Wide Web (Web 2.0)
- Search Magic: How to conduct advanced multilingual online searches;
- Information Self Service: How to get selected information served to you via alerts and RSS feeds;
- Remote collaboration: How to develop content remotely using wikis and Google Docs;
- Online mapping: How to locate your organisation and your projects on a online Map;
- How to communicate voice over the internet at no cost;
- Online publishing (micro-blogging and blogging);
- Professional / corporate social networking (LinkedIn and Facebook);
- Web 2.0 self-instruction (introduction to iMARK)

Participants - Eligibility and responsibilities

Participation in the Learning Opportunity is free of charge, but subject to acceptance by the organisers. 25 participants will be accepted for the event.

Eligibility criteria

- be computer literate and conversant with browsing the Internet;
- have regular access to a computer (ownership of a computer is an advantage);
- be competent in the use of the English language;
- have an **active e-mail account**;
- be actively engaged in agriculture and rural development / natural resource management / biodiversity conservation in the domains of ICT for development (ICT4D), policies, markets; publishing, communication and media;
- be in a position to take along a WIFI-enabled laptop to the training;
- be a resident of Tanzania.

Responsibilities

Accepted participants will be responsible for all costs related to their travel to Zanzibar, their accommodation, breakfast and supper, their daily subsistence allowances and for bringing their own WIFI-enabled laptop to the Learning opportunity.

Entitlements

During the event the organisers will provide daily transport from Zanzibar town to the venue at KATI, lunch and refreshments and distribute copies of CTA publications and instructional material.

How to apply

If you are interested in applying, please click on the link to complete the [Online Form](#).

Deadline for application: Sunday 6 November 2011.

Feedback

The organisers will inform successful applicants about the status of their application by the end of November. Others will be informed as well.
